**NARRATIVE**

On June 12, 2017 around 0845 hours I, Officer T.A. Franzen #102, began to review Milestone surveillance video footage. I was advised Zhang was last seen on this video footage at Goodwin and Clark Street in Urbana as she got into a black Saturn Astra four-door hatchback. I located this incident on video and moments leading up to it. I observed the Astra turn north onto Wright Street from Stoughton Street then continue north past the Electrical and Computer Engineering Building, before it approached Zhang. At 1000 hours I exported the video to a hard copy disc and an external hard drive for investigative use.

I reviewed video footage from the MTD bus kiosks at Goodwin and Clark from the same time period. I was unable to burn this video, but traveled to MTD's main office at 1100 hours to retrieve a hard copy of this video footage. I copied that footage to the external hard drive mentioned earlier for investigative use. This video showed the same incidents that were captured on the B4 Parking Deck cameras, but a slightly different angle. I packaged this video into evidence on June 14, 2017 at 1020 hours (#44628). I have attached a signed copy of the video recording request form with this report.

I later found the Astra on security video near Siebel Center from just before it approached Zhang. The Astra turned north onto Goodwin from Main Street. The vehicle appeared to "roll" through the all-way stop sign intersection without stopping. On June 13, 2017 at 0118 hours I exported this security video to a hard copy disc. I supplied Detective Sergeant Moore #289 with all hard copies mentioned in this report.

On June 13 and 14, 2017 Officer Elston #116 reviewed Milestone surveillance video and observed the black Saturn Astra at additional locations. He provided me with all of his observations of the Astra on June 9, 2017 from 0841 hours to 0847 hours, and from 1333 hours to 1336

hours. I included his surveillance video observations in the timeline below.

On June 13, 2017 at 0225 hours I entered County Market at 331 East Stoughton Street in Champaign for follow-up. I spoke with Tyler T. Patterson, a County Market night-shift employee. I asked Patterson if he could show me County Market's security video footage of the 300 block of East Stoughton Street, just north of County Market's north entrance, and he did. I was not aware that Officer Wood had already reviewed this video. I reviewed video from June 9, 2017 from around 1340 to 1420 hours and did not observe the Saturn Atlas or Zhang. I burned this camera's video of June 9, 2017 from around 1100 to 2017 hours onto a hard copy disc. I packaged the disc into evidence (#44530). I was not able to review this footage again after it was burned.

While I was speaking with Patterson, he told me he saw Zhang in that County Market more than once, with the last occasion being a "few days" before she was reported missing. Patterson worked the overnight shift typically and could not recall the exact date he saw her, but that it was about a week before this date I spoke with him (so around June 6, 2017). Patterson said he likes to make conversation with his customers. The day he saw Zhang, she was talkative and did not seem stressed at all to him. He said they talked about school. Zhang told him she was visiting a graduate student. He thought she might have said something about taking a summer class. I asked Patterson if there was much of a language barrier between him and Zhang as they carried out this conversation entirely in English. He said she spoke, "pretty good English," and appeared to understand everything he said. He was absolutely certain that this female he described speaking to was Zhang.

On June 13, 2017 at 0427 hours I arrived at Willard Airport for a detail. I walked through the parking lots from my arrival time until about 0442 hours. I looked at every vehicle and did not observe a Saturn Astra.

The lines marked with an asterisk (\*) at the end were discovered on June, 13, 2017 around 0100 hours or the following day. On June 13, 2017 at 0802 hours I burned a disc of the B4 stairwell and B4 west side video sections

and provided the hard copy disc to Sergeant Moore. On June 14, 2017 I burned discs of the remaining lines marked with an asterisk (\*) and provided the hard copy discs to Sergeant Moore.

I exported an electronic evidentiary copy of all video surveillance footage from Milestone to the Evidence O-drive. Video footage from the east side of B4 and Siebel Center (#44549), and from the Electrical and Computer Engineering Building and north side of B4 (#44548) was exported to the Electronic Evidence O-Drive on June 13, 2017 around 1000 hours. Video from the B4 east side facing south (#44606) was exported to the Electronic Evidence O-Drive on June 14, 2017 at 0604 hours. On June 14, 2017 I exported the video of the Astra on from 0841 to 0847 hours (#44614) at 0809 hours, and video from 1333 to 1336 hours (#44621) at 0929 hours to the Electronic Evidence O-Drive.

**NARRATIVE**

On June 15, 2017 at 0745 hours I spoke with Christie Security at 104 West Clark Street in Champaign. They oversaw the surveillance video cameras at 210 South Market Street in Champaign. One of these cameras was located on the northeast corner of the building and pointed towards the southeast. This camera displayed the building's parking lot and the 200 block of South Chestnut Street. I knew Zhang's cell phone last pinged at 201 South Chestnut Street around 1428 hours. Greg Maxwell from Christie's Information Systems downloaded video from this video camera and the camera facing the intersection of Logan Street and Market Street from June 9, 2017 from 1405 to 1505 hours.

I received an email from Maxwell on June 15, 2017 at 1201 hours. He sent me a video link for the camera that pointed to the east. He stated in the

FRANZEN, TAYLOR

officer's initials TC approved C (II1700767 - #A1706791)

email that the DVR at the warehouse (210 S. Market St.) displayed the timestamps incorrectly. The video timestamps were one hour and fifty-six minutes behind the time of the events actually recorded. The video he sent adjusted for this time delay starts at the displayed time of 1209 hours, but was actually from 1405 hours. I downloaded this video and saved it to the Electronic Evidence O-Drive (#44815). At 1239 hours I received another email from Maxwell stating he updated the video link he originally sent me to include video from the camera facing Logan Street and Market Street. This video was also adjusted for the time delay, as it displayed 1209 hours but was actually 1405 hours at its start. I downloaded this video and saved it to the Electronic Evidence O-Drive (#44816).

I reviewed both videos and observed the following images of importance, with the video timestamp in parenthesis and actual time in plain text:

- 6/9/2017 - 14:30:56.796 hours (12:34:56.796) -- White vehicle of large, box-like shape eastbound on Marshall Street towards Chestnut Street.
- 6/9/2017 - 14:31:10.812 hours (12:35:10.812) -- Dark vehicle smaller than the white vehicle followed behind the white vehicle eastbound on Marshall Street towards Chestnut Street. White vehicle parked in the empty lot to the east of the intersection of Marshall Street and Chestnut Street. White vehicle turned around in the lot and came to a stop facing west.
- 6/9/2017 - 14:31:24.796 hours (12:35:24.796) -- Dark vehicle came to a stop facing east or southeast and remained stationary until both vehicles vacated the area. The white vehicle reversed then drove forward next to the dark vehicle.
- 6/9/2017 - 14:31:38.812 hours (12:35:38.812) -- The white vehicle came to a stop right next to the dark vehicle and faced west.
- 6/9/2017 - 14:32:01.796 hours (12:36:01.796) -- The dark vehicle moved forward (east) and turned around while the white vehicle pulled forward (west).
- 6/9/2017 - 14:32:08.796 hours (12:36:08.796) -- Both vehicles left the area westbound on Marshall Street towards Neil Street.

- 6/9/2017 - 14:32:59.765 hours (12:36:59.765) -- White box-shaped van traveled northbound in the 100 block of South Walnut Street.
- 6/9/2017 - 14:33:14.781 hours (12:37:14.781) -- Dark vehicle smaller than the box-shaped van followed behind the van, and also traveled northbound in the 100 block of South Walnut Street.
- 6/9/2017 - 14:33:23.796 hours (12:37:23.796) -- MTD bus was two vehicles behind the dark vehicle, also northbound in the 100 block of South Walnut Street.

The last three observations were from the camera that faced the intersection of Logan and Market Street, northwest of the building. All observations before those were from the camera facing the 200 block of South Chestnut Street, southeast of the building. I have printed out stills from this video and attached them with this report, along with a copy of Maxwell's emails.

Thank you very much for the videos and for the time clarification. Was the time difference noticed or taken into account when the FBI came over to review the video of the nearby intersections?  
If not, could I get the video for those cameras adjusted for the time difference, as well?

Respectfully

Taylor,

The link below should take you to 3 video clips. The first is the original time frame 2:05 to 3:05 PM on 6/9/17. Only problem is when I looked at our DVR at the Warehouse the time is behind by 1 H and 56 mins. Which means according to the recording on the video I went ahead and grabbed the window of 12:09 to 1:09 PM on 6/9/17. That time frame is made up of the 2<sup>nd</sup> and 3<sup>rd</sup> file on the link below.

If you have any problems or any question just contact us and we'll be happy to help.

- He met Brendt Christensen for the first time on 6/17/17 [REDACTED] was with [REDACTED] when they went to get stuff from her apartment and let Brendt into her apartment after he was released. [REDACTED] told [REDACTED] she wanted him there with her when she met with Brendt but did not say why. Had heard [REDACTED] talk about Brendt before and knew of him, but everyone thought it was best for all relationships for them not to meet.
  - On Monday 6/12/17, he was hanging out at home and off work for the week.
  - He works at [REDACTED] —that's where he met [REDACTED]
  - He met [REDACTED] in January of 2017, and the two began dating in March of 2017.
  - He had not heard about Zhang until Monday 6/12.
  - He had five missed calls from [REDACTED] while he was asleep on Wednesday 6/14 night, Thursday 6/15 early morning. [REDACTED] was really upset. Thursday morning [REDACTED] told him Brendt was picked up by FBI. [REDACTED] told [REDACTED] about what [REDACTED] told him that same day. [REDACTED] stayed at their place at [REDACTED] Thursday 6/15.
  - Said FBI told him and [REDACTED] that on Monday 6/12 Brendt had a duffle bag with a cat tree inside that he allegedly took over to his [REDACTED] house; that Brendt now does not know where the duffle bag is; and that Brendt left his [REDACTED] place after a few hours by saying [REDACTED] had a "computer question". [REDACTED] said that never happened and she did not/would not have a computer question as she is tech savvy.
  - Reiterated that Brendt should not have been released. He believes there are holes in Brendt's story.
  - He did not know if Brendt had ever been to [REDACTED] but said he's been in the Champaign-Urbana area for at least a year or two, did not know exactly how long.
  - [REDACTED] that Brendt has a drinking problem which she regulates—Brendt asks her if he can have a drink and she says yes or no. When Brendt does drink, [REDACTED] told him Brendt doesn't have much control over it.
  - About a month ago, [REDACTED] that Brendt got "blacked out drunk" one night and told her that he was thinking about hurting or doing things to small animals. The next day [REDACTED] asked Brendt about it and he said he didn't remember. [REDACTED] thought this was a "red flag" and has since not wanted [REDACTED] to be around Brendt, purely for her safety and the safety of [REDACTED] own family.
  - Around April or May, [REDACTED] were spending time together when Brendt texted [REDACTED] to ask if he looked intimidating. He told her a girl he passed in their hallway appeared to be afraid of him. Brendt told [REDACTED] he liked that he scared the girl and wanted to look intimidating.
  - He did not know if Brendt liked to drive around. He believed Brendt only drove to and from places he needed to be.
  - He did not know of [REDACTED] and/or Brendt owning a storage unit.
  - He and [REDACTED] have lived in Champaign-Urbana for 3 years.

There is nothing further.

NARRATIVE																																											

On 06-20-2017 at approx. 1030 hrs. I, Sergeant Gene Moore received a portable hard drive from Officer Age containing Champaign Park District Security video. I had previously requested video from Tammy Hoggart, Director of HR for the park district.

Officer Age picked up the portable hard drive at 0930 hrs. and transferred it to me. Due to the large amount of video data, I requested assistance from the UIPD IT Specialist Gregor Vacketta who transferred the video data to the Evidence O Drive as E-45418. He also burned a copy of the video data to (2) blue ray discs for FBI use.

There is nothing further.

NARRATIVE										

On 06-21-2017 at 1100 hrs. I, Sergeant Gene Moore and Det. Rob Murphy met with Sally Mundy, owner of Rumours Hat Shoppe, 75 E. Chester St, Champaign, IL to obtain security video.

Based on the amount of video and the time to download we were only able to obtain video from 06-09-17 at 0800 hrs. to 06-10-17 at 1900 hrs. The security cameras are internal directed at the front of the shop looking directly out the window. A very small portion of First St. is visible and a very good view of Chester St.

I briefly reviewed the video and didn't see anything resembling a white van or the black Saturn. The video time is exactly 1 hour slow, meaning the time of 0700 on the camera is actually 0800 hrs. More video is available if needed.

The video was placed on the Evidence O Drive as E-45507. A thumb drive containing the video from 06-09-17 to 06-10-17 was transferred to the FBI.

On 06-22-2017 at 0845 hrs. I, Sergeant Gene Moore met with Jake Gerdis, Construction Foreman at 217 S. Neil St, Champaign, IL. Jake had notified us that video was available [REDACTED] (Tumble Inn).

Jake showed me the view from the camera which showed [REDACTED]

Jake

[REDACTED] gave me his user name and password for the camera to be viewed off site. I telephoned Det. Tim Hetrick to verify it could be accessed, which he did.

Jake said he had cameras on the parking area of 217 S. Neil St. These cameras were on a different system which we accessed on the 2nd floor of the building. Upon review, the cameras were not operational during the time frame I needed.

Upon return to UIPD Det. Hetrick had determined the camera facing Neil St obtained from Jake only took [REDACTED] There is no moving video.

I reviewed the captures, but didn't locate anything of evidentiary value.

At 1126 hrs. I called Jake and asked him if I was using the system wrong since I was only able to see screen captures every hour. He called me back after talking to his supervisor, Brett Pierce. Jake said the camera should [REDACTED]

I called Brett and discovered the system [REDACTED] for [REDACTED] before it writes over all but the hourly screen shots. Brett informed me that video is available from 1800 hrs. to 0600 hrs. The system is only set up to record [REDACTED]  
[REDACTED] He agreed to contact the security camera company to determine if the lost screen shots can be recovered.

At 1626 hrs. I telephoned Brett to check the status on the video. He informed me that the Sensera Systems company had uploaded the missing screen shots and were on the system. I pulled up the system and verified they were there.

I reviewed the screen shots from 12:29:06 hrs. to 15:25:04 hrs. I was unable to locate the black Saturn or the white Dodge van. The screen shots are either before or after the time the vehicles would be expected to be there. I verified the time on the system is accurate.

I downloaded the screen shots from 06-09-17 at 0001 hrs. to 2357 hrs. and placed it on the Evidence O Drive as E- 45535. I burned a copy to CD for the FBI.

If more video or screen shots are required the system can be viewed and accessed with the following information:

On 6/21/2017, at approximately 2115 hours, I Officer Hurless (101) called Shira Epstein, owner of Champaign Surplus.										
As a past employee of Champaign Surplus, I remembered they had internal cameras on the west wall facing the registers. Champaign Surplus. I asked for video footage on 6/9/2017 from approximately 1400 hours to 1445 hours. The video file plays for 20 minutes and 48 seconds. The time stamp starts at 1416 hours and plays until 1436 hours and is accurate with CST. This video was placed on a jump drive.

I reviewed the video at post I. It shows north and south bound traffic right before the Marshall/Neil St. intersection. At 14:31:38 there is a large white SUV/van that slows its speed down, followed by a black car at 14:31:40 that matches the description of the black Astra. Both of these vehicles appeared to slow down in the east bound lane heading south on Neil St. The traffic in the westbound lane heading south appeared to continue to travel at the posted speed limit, 25 MPH (see attached google earth view).

I placed the jump drive into evidence, E-Tag # 45529. I burned a working copy for both UIPD and the FBI.

Please note: there is a glare from the sun on the east picture window (see attached)

Trash services for Old Farm Market is Republic, Area and Advanced. The trash dumpsters are in an alley behind the shops.

Walgreens, contact Phyllis Berry said they have one camera outside their building but the camera is in the alley behind their building. This camera points away from Mattis Ave. It would have a good view of traffic in the alley and a few of the dumpsters.

MF Reed Jewelers owner John Reed said they have cameras which cover the parking lot in front of business as well as cameras that cover behind the business where all their dumpsters are. I attempted to down load his video but it looks as if there is no data on his system from 6/9. He said he would call Good Vibes, the company who installed it, and have them see if they can retrieve footage. Received a call on 06/23/17 from John at Good Vibes saying the hard drive on the recording server was corrupt and he was unable to retrieve video from the system.

6/20/17 Canvas of Chestnut St assigned Rail road tracks to 1st street to University St to Springfield Ave.

28 E. Springfield Ave (I.D.E.A Store) Contact was Jessie, store manager, who said they didn't have cameras. When I pointed them out to her, she said she didn't know they were there and did not know how to access them. She said they rent from the University Group and when I checked with the University Group they didn't know there were cameras on the building (they had just bought the building a couple months ago). The outside camera would give a view of the parking lot, loading dock dumpster but no view of Springfield Ave.

Detective Hetrick walked the RR track from Springfield to Logan St and found nothing pertaining to the case.

25 E. Springfield Ave (South China restaurant) from the RR track side we found an open door that lead to a second story studio The studio was vacant with no power.

401 S. 1st St Champaign, IL (Szechunan China restaurant) has a camera that points towards First Street but the restaurant is closed until July 17.

On 06-23-2017 at 1630 hrs. I, Sergeant Gene Moore received the portable drive containing security video from Christie Clinic at 101 W. University Ave. Champaign and the Sleep Clinic 1207 S. Mattis Ave, Champaign. Officer Sandage retrieved from Christie Clinic IT Specialist, Gregory Maxwell and transferred it to me.

The video on Christie Clinic on University is internal pointing out the south double doors. There is a view of Clark St. toward Neil St. but Neil St. is very difficult to see.

The video on the Sleep Clinic on Mattis Ave. is external. There are 2 views; one view facing the south with a minimal view of Sangamon Dr., the second view facing the rear of the business with a slim view of Holiday Dr.

I have not reviewed the video at this time.

I placed the portable drive into evidence as E-45591.

There is nothing further.

6/22/17 I, Detective Murphy, followed up on the Neil St. /Washington St Canvas from 6/21/17

12 and 14 E Washington are CompleteCare Pharmacy. I talked to Bruce Strike who is the manager. He said he did know how to work their cameras but allowed me access to them. When we viewed their cameras only two of their cameras were working. One was inside with no outside views and the other was in the alley of the building pointing away from Washington St. Bruce said he would call his security company and have them come out and fix his cameras. On 06/23/17 Bruce called and left me a voice mail saying after his security company checked his system it was discovered all but two of his cameras were off line so they do not have any video showing Washington St.

Champaign City Building, 102 N Neil. According to Janet Ahern (Jon Swenson is her boss) the cameras only go back to 6/15 and they do not have any video from 6/9.

Circles Boutique, 114 N Neil. I talked to owner/manager Daniella and she said all their cameras do not work and were just put up as a deterrent.

Blind Pig, 120 N Neil (217)398-1532. I viewed their cameras and only two had outside views. One covers the side walk only on the street side with no view of the street. The other covers their patio with no street view

V.Picasso, 122 N Neil. I called Victor Fuentes (owner) and he said they MURPHY, ROBERT officer's initials pm approved cm (II1700767 - #A1707223)

open at 4pm and I can have access to their video. I met with Jake, manager, at 1830 hours and he showed me their video system. They have a camera on the front of their restaurant which has a view of Neil Street. I started down loading the outside side camera around 1930 hours and let it down load through the night, picking up the usb drive copy at 1530 on 06/23/17. When I arrived back to the University of Illinois Police department I checked the data on the USB and it showed I copied camera 12 (outside camera pointing west showing cars traveling south in the 100 N block of N. Neil St) from 0740 to 2320 hours.

Orpheum Children's Science Museum 346 N. Neil Champaign. I talked to Rene Dunn who is the executive director of the museum. She was not very forth coming but did eventually say they do not have any cameras in or around the museum. I double checked Rene's statements with Brad LePayne, who is on the museum's board of directors, and he confirmed that the museum does not have cameras.

NARRATIVE
-----------

On 06/23/17, I Officer Sandage #158, contacted Heidi Ponder, Fraud Manager at Busey Bank, to ask about any video they may have at the downtown Champaign branch, that would point towards Neil Street. I previously discovered a camera inside the east entrance, facing east towards Neil Street. Ponder advised me that was the only view they had that pointed east.

I asked about the cameras at the Executive Center, located at 115 N. Neil. Ponder informed me Busey Bank had access to the cameras in that building. I asked her specifically about a camera located on the south west corner of the building. She stated that particular camera hasn't worked in two years.

Ponder provided me with 3 DVD's of video from the east door of Busey Bank, facing towards Neil Street, from 7a-5p, on 6/9/17. The video had to be broken up onto 3 DVD's due to the amount of video data.

I also received one DVD of video from inside the east entrance to the Executive Center for the same date and times. The video shows a slight view of Neil Street but not enough to positively identify a vehicle.

I reviewed the DVDs From Busey Bank and was unable to positively identify SANDAGE, JERALD officer's initials JS approved Cm (II1700767 - #A1707227)

any vehicles as being the black Saturn Astra.

I made a working copy of the DVD's for further review and placed the originals into evidence.

<p>On Thursday 6/21/2017 at 1302 hours, I Sgt. James Carter, Badge #274, went to Soma Ultralounge to inquire about the lone exterior camera above the door facing west towards Neil St. The business was closed.</p>

At 1305 hours, I contacted Jason Kauffman, the Building Superintendent for M2, Ko Fusion, Big Grove Tavern, and the apartments located on the second floor of the property. Knauff did not answer and I left him a message. I waited for his call near Ko Fusion. He returned my phone call at 1308 hours and agreed to meet with me when he returned in 10 minutes. I continued to wait near Ko Fusion.

Knauff called me at 1340 hours and told me he could not see his camera feeds because the monitor was malfunctioning. Knauff told me the monitor would be replaced by tomorrow and he would contact me so I can observe the camera views.

At 1403 hours I called Knauff back to get contact information for Soma Ultralounge. He told me Nieto Enterprises owned Soma Ultralounge. I contacted Nieto Enterprises via email and received a return phone call from Samantha Saunders and she gave me a contact number for their camera operator, Joe Bonilla. I called Bonilla at 1435 hours and he advised me the camera should be operational, but he would have to check it and get back to me. Barilla was still working on getting the video I requested as of 2100 hours on 6/23/2017.

On 6/23/2017 at 1300 hours Knauff called me and said he was ready to meet and download video for me but he only had one view available that showed a street view. I arrived at 01 Main St. in Champaign at 1345 hours and viewed the available camera angles and one camera had a view of N. Walnut and E. Washington. This camera was actually operated Volition Game Company on the third floor of 01 Main St. in Champaign. Knauff had Casey Fish (IT Specialist at Volition) download the video I requested. The time frame for this video covered 1330 hours to 1500 hours. The storage drive containing the video was packaged, labeled as evidence, sealed and placed in the UIPD evidence drop box.

Additional supplement will follow that includes the Soma lounge video if Barilla is able to retrieve it.

Nothing further to report.

**NARRATIVE**

On 6-23-17, around 1400 hours, I, Officer Age, met with Marissa Dombrowski, employee at U of I Credit Union, 206 E University, Urbana. Dombrowski gave to me, by consent, a DVD with exterior camera footage of the bank cameras. I also picked up at that time several still images of a white van of interest that is still unknown as of this report.

When I returned to Post and reviewed the DVD I did not locate any video on the DVD. I have made several attempts to return and burn a working copy but have been unable to get a copy that I can review back at Post. I have collected video from NuMed, 105 E University, Urbana. NuMed is directly across the street from U of I Credit Union and the cameras there show the white van of interest going west on University Avenue.

I packaged, sealed and labeled the latest DVD from the U of I Credit Union

and placed it into the evidence drop box. I did not make a working copy because there is no video on the DVD, just one application file that does not open.

I packaged, sealed and labeled the stills from the exterior video cameras from the U of I Credit Union and placed those into the evidence drop box. Several copies of the still images are in the evidence bag.

**NARRATIVE**

On 06/21/17, at approximately 2200 hrs, I Officer Sandage #158, assisted in a canvas of downtown Champaign, in the areas along Neil Street, between University Avenue and Washington Street. The purpose of this canvas was to identify businesses that may have video cameras pointing toward Neil Street that would catch southbound traffic. The following is a list of the businesses that I checked.

Executive Center - 115 N. Neil. C. - Closed multi use building that has a camera on the s/w corner of the building that may point towards Neil Street.

Hamilton Walker - 201 N Neil. C. - I spoke with GM Eric Feltman [REDACTED] that showed me an indoor camera that points towards the front door and catches passing traffic. Feltman stated the video is [REDACTED]. [REDACTED] He said he was unable to burn any footage at the time but the assistant manager would be in to help at 10am on 6/22. I told him I would try to follow up tomorrow. I left him my card with date and times of video needed.

Spritz Jewelers - 205 N Neil, C. - Business closed but it looked like they had an indoor camera that pointed to the Neil St. door.

MTD Kiosk (Church/Neil just west of Distihl restaurant) Bus kiosk has a camera facing Neil St.

M2 building - 301 N Neil, C. - There is a camera in the outside foyer that may point towards Neil St. Unknown who would have access to this.

Wedge - 415 N Neil, C. - Spoke with GM Katie Rokicki [REDACTED] - No cameras that face Neil St.

**NARRATIVE**

On 06/23/17, I Officer Sandage #158, retrieved security video from Barham Benefit Group, located at 919 W. Kirby in Champaign. Detective Hetrick #126, originally spoke with James Barham, the owner of the building, about retrieving video from cameras that pointed towards Kirby Avenue. When I went to retrieve the video for Officer Hetrick, Barham was unable to figure out how to burn the video. Barham allowed me access to his video server in order to download security video from two outside cameras that catch passing traffic on Kirby Avenue.

I noted that the video time is 39 minutes faster than the actual time.

I burned video footage from 6am on 6/9 to 8pm on 6/14. The video data was too large for DVD's so it was burned to a Sandisk thumb. I later made a working copy of the thumb drive video and placed the original thumb drive into evidence.

I did not review the large amount of video.

On 6/24/17, I Officer Sandage #158, was reviewing the working copy of video from V. Picasso, 122 N Neil, in Champaign. While reviewing the video I suspected there may be a discrepancy in the time on the video.

I went to V. Picasso and spoke with the manager who allowed me to view the live video system. I discovered the time on the video is one hour slower than the actual time.

The purpose of this supplement report is to document the time discrepancy.

<b>NARRATIVE</b>				

On 06-26-2017 at 1415 hrs. I, Sergeant Gene Moore met with Nick Rainey, manager of Barrelhouse 34, at 34 E. Main St, Champaign, IL to pick up a thumb drive containing security video. It was later placed into evidence as E-45869.

I had previously requested (7) camera views from Rainey which had views of Walnut St and Main St. which Sgt. James Carter obtained on a portable hard drive. The video would not play due to the lack of an installed player. Upon meeting with Rainey he tried to add a player to the previously obtained video, but the system would not allow it.

I asked Rainey to download a single day, 06-09-17 on best (4) camera views.

I reviewed the video and located the suspicious white dodge van on each of the (4) cameras at 14:34:22 hrs. The video is good quality, but there is not visible license plate. I was unable to get a good look at the driver, but it is clear he is the only person in the passenger compartment. The view into the back windows are blurry, but it doesn't appear to have seats in the back portion.

Rainey informed me the video time matches his cell phone time to the second.

I will attempt to have the remaining (3) cameras downloaded for 06-09-17 for possible views of the license plate.

**NARRATIVE**

On June 27, 2017 at 1100 hours I, Officer T.A. Franzen #102, went to Ohana's at 2506 North Cunningham in Urbana to retrieve video from June 9, 2017. Video from that date was no longer available. The last available date in Ohana's security system was June 11th.

I then went to Circle K at 1605 North Cunningham in Urbana to review and burn security video. I watched of June 9, 2017 from 1430 hours to around 1441 hours. I did not see the white Dodge Ram 3500 van, and could not definitively see the Saturn Astra. I burned a copy of video of June 9th from 1430 to 1630 hours. I saved a copy of this video for investigative purposes and packaged the original copy into evidence (#46061).

Next, I traveled to FedEx Ground distribution center at 102 Mercury Drive in Champaign to review video. The exterior camera views were unable to show the streets clearly enough to ascertain vehicle descriptions. I watched video of June 9th from 1430 to 1441 hours of the two exterior cameras pointed west and could not make out a white Dodge Ram 3500 van or black Saturn Astra. I did not burn any video from this location. I was told by the employee in charge of security video, Skylar, that I would

At 1340 hours I went to YG Technologies or Blueline at 804 North Neil Street in Champaign to pick up video that Officer Age #118 had previously requested. I received video of June 9th from 0800 to 1700 hours. I saved a copy of this video for investigative purposes and packaged the original copy into evidence (#46063).

At 1515 hours I returned to Ohana's and burned video of June 12 from 1130 to 1730 hours onto a USB drive. I saved a copy of this video for investigative purposes and packaged the original copy into evidence (#46064). I have not yet reviewed all of this video at the time of completing this report.

At 1456 hrs. Det. Rob Murphy picked up the video from Rainey and transferred it to me. I reviewed the video and located the white van, but was unable to get a view of the license plate.

Bus #1171

Bronze line: Video begins at 1330 hrs. (accurate within a minute) N.B. 4th St. from Gregory St. Champaign. The bus does not follow the exact route of the Bronze line due to construction issues. The bus goes through Orchard Downs and the west end of Urbana. The video ends at 1428 hrs. near Armory and Wright St. I did not observe anything of value in the video.

Bus #1353

Yellow line: Video begins at 1330 hrs. (accurate within a minute) E.B. Fox Dr. Champaign. This bus goes through campus to the terminal and ultimately to the shopping areas around Market Place Mall and N. Prospect Ave. The video ends at 1427 hrs. near W. Town Center Blvd and N. Prospect Ave. I did not observe anything of value in the video.

Bus #1192

Orange Hopper line: Video begins at 1330 hrs. (accurate within seconds) E.B. University Ave, Urbana. This bus stays primarily in Urbana with the exception of its turn around point at the Illinois Terminal. The video ends at 1424 hrs. on Broadway next to the Courthouse.

At 1340 hrs. I observed a black vehicle that could be the suspect's black MOORE, CECIL officer's initials \_\_\_\_\_ approved \_\_\_\_\_ (II1700767 - #A1707511)

Saturn traveling W.B. on Main St from Broadway in Urbana. The vehicle was from a slight distance and I could not rule it out.

At 1404:05 hrs. The bus stops at the intersection of Goodwin Ave and University Ave. facing south. I was able to see the suspect vehicle stopped at the corner of Goodwin and Clark, Urbana speaking to the victim. It is from a great distance, but is obvious from the matching time and location. The bus turns east on University Ave. and out of view.

There was nothing further of evidentiary value discovered on this bus.

<b>NARRATIVE</b>				

On 07/03/17, I Detective Sandage #158 picked up previously requested video from Jefferson Middle School, 1115 S Crescent Drive, and Centennial High School, 913 Crescent Drive in Champaign.

I previously spoke with Jeremy Fenelon, Champaign Unit 4 School District IT personnel about picking up the requested video. Fenelon advised he does IT work for the District 4 Schools from the district office located at the Mellon Admin Building at 703 S. New in Champaign. Due to the size of the video data Fenelon told me they would need additional storage drives. I provided Fenelon with an additional storage drive on 6/26/17.

On 07/03/17, Fenelon provided me with the last completed drive. I placed a total of 3 portable hard drives into evidence. Due to the size and format of the drives I did not review the video or make working copies.

The purpose of this supplement report is to enter the drives into evidence.

<b>Officer Injured:</b>	<b>Use of Force:</b> N			
<b>NARRATIVE</b>				

On 07/07/17 I, Detective Murphy, was assigned to check on two storage areas and a white van.

The dodge van with Illinois license plate number [REDACTED] and a vin of [REDACTED] comes back to [REDACTED] The address listed on the registration is [REDACTED] and is [REDACTED] residence. In checking the residence the van was not present nor was anyone home.

I made phone contact with [REDACTED] at phone number [REDACTED] [REDACTED] said he works for [REDACTED] which is a subsidiary of [REDACTED] [REDACTED] said in April [REDACTED] picked the van up and auctioned it off in a car dealer's auction because [REDACTED] very seldom used it. He described the van as white, low mileage, good shape with no rust and a double back door. He continued to say the van was set up to carry summer help to the fields and had several rows of seats.

I went to Liberty Self Storage at 2003 E. Clark St Mahomet, IL. There were no employees present so I called the business's number listed on the door for requesting appointments, 217.586.7800. There was no answer and after numerous rings what sounded like a fax machine answers the line.

I next checked the two address I had for Storage Squad. The first one was 102 E. Chalmers St. Champaign, IL which is Pi Kappa Alpha Fraternity, they were closed for the summer. The second was 302 E. Armory Ave Champaign, IL which is Acacia Fraternity. They were also closed for the summer but contractors working on the building said there was no storage areas at this location. I called the number associated with Storage Squad, 830.200.0269, and it was answered by [REDACTED] said they operated storage areas at several campus and the one at UIUC is located in a large warehouse close to campus. The way the service works is a student on MURPHY, ROBERT officer's initials PM approved ✓ (II1700767 - #A1707945)

campus calls Storage Squad and they schedule a pick up. Storage Squad employees then pick up the items to be stored and the customer has no access to the items until they call at the start of the school year and request for them to be delivered to their new school address.

NARRATIVE					

On 07-10-2017 at 1253 hrs. I, Sergeant Gene Moore reviewed video from the Christie Clinic warehouse, 210 S. Market St. Champaign, IL. Video was previously collected from June 9th in the area of the initial "ping" of Yingying Zhang's cell phone. The video reviewed in this report is from the same location on June 12 reference the area the suspect, Brendt Christensen's cell phone "pinged".

Officer Franzen had requested the video for June 12 from Greg Maxwell with Christie Clinic IT. Maxwell placed the video clips on a shared link with guest access.

I briefly viewed three video clips.

Video #1 views the intersection of Logan St. at Market St. from 1330 hrs. to 1422 hrs. (E-37343). The time on the video is 11:34 hrs. to 12:33 hrs.

Video #2 views the S.E. of the building facing the railroad tracks from 1330 hrs. to 1422 hrs. (E-37344). The time on the video is 11:34 hrs. to 12:26 hrs.

Video #3 views the S.E. of the building facing the railroad tracks from 1422 hrs. to 1430 hrs. (E-37345). The time on the video is 12:26 hrs. to 12:34 hrs.

The time on the video is 1 hour and 56 minutes slow.

While reviewing Video #2 I observed a dark colored vehicle travel east through the parking lot before turning back and exiting the screen to the west. The vehicle enters the screen at 1206:53 hrs. and exits at 1207:03 hrs. The actual time would be 1402:53 hrs. to 1403:03 hrs.

Christensen's phone records showed his phone being in this area at 1400:24 hrs. for 87 seconds.

There is nothing further.

**NARRATIVE**

On 07/07/17, I Detective Sandage #158, was able to locate the remainder of the white Dodge 3500 vans registered in Champaign County. I located the following vans and were able to eliminate them as being the van we were searching for.

I spoke with [REDACTED] of Tolono. [REDACTED]

[REDACTED] confirmed he has a white 2000 Dodge Ram van. He told me it was currently not running and sitting outside the [REDACTED] shop. I drove to the shop and located the white Ram van [REDACTED]. I observed the van was a utility panel van and not the van we were searching for.

I drove to [REDACTED] and spoke with [REDACTED]. As I pulled into the driveway I noticed a newer white Chevrolet 3500 passenger van in the driveway. I spoke with [REDACTED] who advised her and her husband own two passenger vans. They have a green Dodge Ram 3500 passenger van [REDACTED] and the newer Chrevrolet van that was purchased May 1st. I inquired about a white Dodge Ram 3500 van that was registered to her. She stated she and her husband traded the white Dodge van May 1st of this year for the white Chevrolet van sitting in the driveway. She stated they traded the van at Meyers Auto in Decatur. I showed [REDACTED] a photo of the white van in question and she stated the Dodge Ram van that was traded to Meyers Auto looked different. By speaking with [REDACTED] I am confident the white van that was traded to Meyers Auto was not the suspicious van in question.

I drove past [REDACTED] Champaign and located a white Dodge Ram van [REDACTED] itting behind the residence. This van appeared to be a conversion type camping van and was clearly not the suspicious van in question.

SANDAGE, JERALD

(II1700767 - #A1708162)

I drove to [REDACTED] Champaign and was unable to locate the van or any residents at that address. I spoke with the neighbor at [REDACTED] identified as [REDACTED] and asked him if he has seen a white dodge van at that address. [REDACTED] stated he was familiar with the van and it is used by the residents of [REDACTED] who owns several rental properties. He stated the owners were currently on vacation but he told me they often park the van at the old YMCA building located in the 500 block of West Church. I drove there and located the white Dodge van [REDACTED]. The van was not a match to the suspicious van we were looking for.

This completes the list of White Dodge 3500 vans in Champaign County.

**NARRATIVE**

On Thursday 07/13/2017 at 1000 hours, I went to UPS (2807 N. Lincoln Ave. Urbana) to follow up on Intake- CIL-53 regarding video footage.

I met with the facility's Business Manager, Rob Williamson, to pick up video that may have been requested. Upon speaking with Williamson, he told me there was no video to be picked up. He remembered meeting with a law enforcement officer previously but could not remember the date, time, or the officer he met with.

He said he showed the officer the available footage at the time and the officer determined the video footage did not provide what he was looking for. There was no official request for any video to be copied and submitted for investigative purposes. The DVR system utilized by UPS only stores video for 14 days. The video footage available at the time of my meeting with Williamson did not cover June 9th 2017.

Nothing further to report.

Incident Adr: 02013 S ORCHARD ST Apt # D X STR GEORGE HUFF URBANA			Title of Report: MTD BUS VIDEO REVIEW	
Officer Injured:	Use of Force: N			

**NARRATIVE**

On 06/28/17, I Detective Sandage #158, was assigned to review four DVD's containing MTD bus video from 06/09/17. Each DVD was approximately one hour of MTD bus video around the time frame that Ying Ying Zhang was picked up.

I first reviewed video from MTD bus #1185, which was the Orange route for that day. The video contained mostly east Urbana streets near the Sunny Crest Mall area. During my review of the video I did not see the suspect's car, the victim, or a white dodge van.

I reviewed video from MTD bus #1346, which was the Green Hopper route for that day. The video started with the bus heading east bound on Springfield Avenue from Fourth Street in Champaign. At approximately 1332 hours, the bus turns south on Goodwin Avenue and then east on Green all the way to Race Street in Urbana. From there it runs a route near Fairlawn Avenue and the Washington/Leirman area in Urbana. During my review of the video I did not see the suspect's vehicle, the victim or a white dodge van.

I reviewed video from MTD bus #1191, which was the Brown route for that day. The video started at approximately 1333 hours as the bus was facing north on Country Fair Drive at Springfield Avenue in Champaign. The bus turns west bound on Springfield and north on Duncan to Clayton. The bus runs a route through the Clayton/Pomona Drive area and onto Bradley Avenue and east past Parkland College, past Kraft and eventually to the main terminal at 13:59 hours. While reviewing the video I did not see the suspect's vehicle, the victim or a white Dodge van.

I reviewed video from the MTD bus #1181, which was also listed as the Brown route for that day. The video starts as the bus is heading west on Bradley Avenue, past Parkland College, to Pomona Drive. The bus

SANDAGE, JERALD

officer's initials JSapproved CW

(II1700767 - #A1708554)

eventually goes South on Duncan to Springfield and east on Springfield to a bus stop near the Stonegate apartment complex at approximately 1338 hours. The bus makes its way east to campus and eventually stops at Transit Plaza in the 500 block of S. Wright in Urbana at approximately 1410 hours. The bus goes north on Wright Street to White street then west on White to Logan and then to the main terminal at approximately 1419 hours. By reviewing the video I did not see the suspects vehicle, the victim or a white Dodge van.

This is the end of my bus video review.

**NARRATIVE**

On 07-18-17, around 08:15 hrs, I called [REDACTED] and asked if he would be willing to speak with me about the white van and his whereabouts on 06-09-17. [REDACTED] agreed to speak with me and told me he was on his way to a job site located at [REDACTED] (Champaign). I told [REDACTED] I would meet him at the job site. Due to a significant language barrier, I asked Officer Halpin, who is fluent in Spanish, to assist me with the interview.

Around 09:00 hrs, Officer Halpin and I (Detective Stiverson) arrived at [REDACTED] (Champaign) and met with [REDACTED] and three of his colleagues identified as [REDACTED]  
[REDACTED] [REDACTED]

I told the four subjects why I was there and asked if they would be willing to answer a few questions about the 1994 white Dodge Van (IL-[REDACTED], which they collectively agreed. I asked if they were familiar with the missing person case of Yingying Zhang and they told me they had seen it on the news. While talking to them, I noticed the white van parked in the grass nearby next to a silver 2007 Honda Civic 4 door (IL-[REDACTED])

I told them I was going to record our conversation and activated my Sony IRecorder for evidentiary purposes. The following is a synopsis of the interview, which was later downloaded to a CDR and secured as evidence in the UIPD small evidence drop box (E-tag #48533):

During the interview, I verified [REDACTED] was driving the white Dodge van and STIVERSON, ERIC officer's initials [REDACTED] approved [REDACTED] (II1700767 - #A1708568)

[REDACTED] was sitting in the front passenger seat. [REDACTED] were initially confused about what parking lot I was asking them about until I showed them a picture I had of the area I was describing. [REDACTED] who spoke fluid English, looked at the picture and told me they had gone there to sell aluminum but did not know the recycling place had closed (Chestnut St, Champaign). [REDACTED] identified the second vehicle in the photograph I provided to be a Honda Civic and pointed to the vehicle parked next to the white Dodge van. [REDACTED] told me [REDACTED] was driving the Honda and [REDACTED] was in the front passenger seat of the Honda.

[REDACTED] told me they had a lot of aluminum in the van from a job site they were trying to recycle. Once they realized the recycling center was closed, they drove to the recycling center in Urbana. [REDACTED] did not know the name of it, but described it as "across the street from UPS" on Lincoln Ave (Urbana). [REDACTED] described Mack's Twin City Recycling, 2808 N Lincoln Ave, Urbana. [REDACTED] told me he sold the aluminum they had for about \$82.00.

I thanked the men for their time and cooperation and terminated the interview.

Around 10:23 hrs, I contacted Mack's Twin City Recycling via telephone and spoke with [REDACTED] who verified on 06-09-17, at 14:46 hrs, [REDACTED] recycled 188 pounds of aluminum for \$84.60. After identifying and interviewing the owner/operator of the white Dodge van, as well as, the owner/operator of the second vehicle from the security video, I have concluded these vehicles are not involved with the missing person case.

**NARRATIVE**

On July 19th, 2017 at approximately 9:00 am I met U of I Orchard Downs employees, Jeanette Weider, Robert King and Sharon Kuehl at YingYing Zhangs apartment in order to remove perishable food items. Also present were [REDACTED]

Food items that were still edible were given to Zhangs family and the other items were disposed of by Orchard Downs employees. Orchard Downs employees also cleaned up dishes and wiped down the counter tops in the kitchen. They then departed.

I remained in the apartment with [REDACTED] tidied up YingYings bedroom and I talked with [REDACTED]. They asked if they could have some of YingYing's OTC medication and toiletries, I told them they could. While they were collecting these items [REDACTED] talked to me about an email he sent me earlier. (Email attached) In this email [REDACTED] explained to me that recently [REDACTED] told him YingYing had a Chinese cell phone number also, [REDACTED] called this number several times on June 10th, 2017 and the phone call "rang through". [REDACTED] believed this meant YingYing might have had a second phone with her, or she purchased a new SIM card for her phone when she arrived in USA and swapped it out for her Chinese SIM card. I told him we did not find a SIM card in her apartment.

On July 21st, 2017 [REDACTED] emailed me and said he provided me the wrong Chinese telephone number for YingYing. The correct number is [REDACTED]. [REDACTED] I later provided this number to Beijing, China Police Officer Dr. Shiquan Liu for assistance in obtaining information about YingYing's Chinese cell phone information. See attached request to Dr. Liu.

Prior to sending this request to Dr. Liu, S/A Anthony Manganaro requested

me to ask Dr. Liu for a set of fingerprints for YingYing. I included this in my letter to Dr. Liu.

Dr. Liu,

As you are well aware the University of Illinois Police Department and the Federal Bureau of Investigations is working on the kidnapping of Chinese Citizen YingYing Zhang. To date we have not located Ms. Zhang, but have arrested a subject for the kidnapping.

With this email I am requesting the assistance of Chinese authorities in this case. We are requesting two things:

- 1) Ms. Zhang had a Chinese cellphone and we are requesting location data, tower information and any other information that can be obtained for her cell phone. Her number is [REDACTED] The dates we are requesting are from April 24, 2017 to present.
- 2) We have a set of fingerprints for YingYing Zhang that was provided to us by our state department. If you can locate a set of her fingerprints from Chinese authorities that are in a non-compressed PDF format we would appreciate it.

Please send any response to this request to me via email or to the address below.

Thank you again for your continued support with this investigation.

So Sorry Tom

I just realise I made a mistake about Yingying's Chinese number. The correct number is [REDACTED]

And do you have time tomorrow, we want to go to Yingying's apartment and take one of her clothes. The reason is that a Psychic came to us and said she may tell the location of Yinying for us through her way with one of her clothes. I know this may not be so logical. But we do want to have a try. It may give us some comfort or lead. Is it available for you anytime tomorrow?

Thank you so much

Hi Tom,  
I just talked to our attorney. He agreed with me that this is very important information. He suggest we should talk to FBI face to face to make it clear. I think so. Can you contact FBI for us?  
And I am also trying to contact Chinese phone company to check about her Chinese number.

**From:** [REDACTED]  
**Sent:** Tuesday, July 18, 2017 5:34 PM  
**To:** Geis, Thomas J  
**Subject:** More details about the cellphone

Hi Tom

I have more details about the cellphone. I want to tell you and I think it is very very important. I hope you and FBI can pay great attention on it.

- 1) I want to say once again I called her from China on the night of June, 9th and the morning of June, 10th (American time). And her phone was still on.
- 2) I ask several colleagues of Yingying in UIUC just now. At least three of them [REDACTED] said they called her from 4 P.M. to the next morning to look for her. They are pretty sure that her phone was on. And they said they have emphasized on this to police after they called the police at 9 P.M. that night. They live here for a long time, they can tell the difference between phone off and on.

So base on two reasons above, if you tell me her phone was turned off by the suspect ever since 2:30 P.M. June, 9th, I definitely can not accept that explanation. I think there must be some mistakes, either from communication or from investigation. If you need us (me and the colleagues) to go to the police department to testify what we say and get more details from us, we can go anytime.

there is one more information.

3) Yingying has a Chinese phone number [REDACTED]. She took this SIM card to America and used it for a while. Have you checked anything about this? The father just now said he called her through this number 7 or 8 times on June, 10th and this number was on. Then some time after that this phone was powerd off.

I think a lot about this when I came back from you. I think this may be very very importent clue. I need a clear explanation from you.

Thank you so much

NARRATIVE					

On 07-06-17 at 1845 hrs. I, Sergeant Gene Moore was notified by Sgt. Carter that he had picked up the Circle K videos for the following stores: 220 Murray Rd. & 1295 E. Grove, Rantoul IL, 602 E. Oak St, Mahomet IL, and 609 E. University Ave, Champaign, IL. He informed me the CD's were placed into temporary evidence locker #7.

On 08-02-17 at 1130 hrs. I removed the CD's from the storage locker and briefly reviewed them.

The single CD from the Mahomet, IL Circle K would not operate on my computer. It was placed into evidence as E-49954.

There are 5 CD's from 609 E. University Ave, Champaign. I reviewed each to ensure they operate properly. I also checked the known time frame when Yingying was picked up by Christensen. CD labeled #2/5 worked properly,

MOORE, CECIL

but due to the glare from the sun it was difficult to see out the windows. The video does not reach the streets. The CD's were placed into evidence as E-49957.

There are 5 CD's from 220 Murray Rd, Rantoul. The CD's work properly and are clear of obstruction. I did not review the video. The CD's were placed into evidence as E- 49955.

There are 3 CD's from 1295 E. Grove St, Rantoul. The CD's work properly and are clear of obstruction. I did not review the video. The CD's were placed into evidence as E-49956.

There is nothing further to report.

NARRATIVE										

On 8/4/2017, I Officer Hurless (101) took possession of YingYing Zhang's journal.

At approximately 1200 hours, I met Robin Kaler at Dixon Graphics, 105 W. John St., Champaign IL, 61820. Kaler wanted two copies of the journal made for Zhang's family. At approximately 1515 hours, Kaler and I met at Lincoln Bookbindery, 1601 N. Coler Ave., Urbana IL, 61801. After the journal was copied and bound together, Kaler wanted to have it wrapped in leather to match Zhang's original journal.

On 8/11/2017, I signed the journal over to Sgt. Robbins (284) to be placed into evidence at the FBI. See attached picture of the chain of evidence tag.

There is nothing further.
